

ZONERICH STAINLESS METAL CASH DRAWER ZQ-410F

Features:

- Stainless steel tray
- Noiseless slides
- Third gears lock
- Front check slot

SPECIFICATION

Surface treatment process	Powder coating on cashbox surface	Check slot	1
Color	Black	Working condition	-5-55°C, 5-85%RH
Standard banknote slot	5(5 metal slots)	Service life	≥1 million times
Optional banknote slot	4	Maximum load of cash drawer	4KG
Standard coin slot	8	Maximum load of cash box	40KG
Coil resistance	8Ω±10%	Cash joint	RJ11 6P4C
Tractive effort	1mm≥800gf3mm≥500gf	Dimension	410(W)x416(L)x150(H)
Rated voltage	DC 12V (supports 9.5-24V)	Carton sizes	465(W)x460(L)x150(H)
Rated current	1.5A±10%	Net weight	7.0KG
Rated power	18W	Gross weight	8.0KG
Cashbox lock	3-position key locks	Electromagnetic switch wire	4 core cable; 0.5kgf(60sec)
Cable length	140mm	Drawer material	Metal
Temperature rise	Max temperature rise 65°C (under nominal voltage)	Tension of pull out the cash drawer	1.0±0.2KG
Withstand voltage	AC1200V(50/60Hz) 1sec between the coil and the frame	Insulation resistance	1000MΩ between the coil & the frame (5000DVC under normal temperature)

ZQ-410F comes with Stainless steel housing. RJ11 interface makes it more user friendly. It has 4 or 5 bill slots with 8 coins slots. Highly durable and dependable cash drawer.
