

## Features:

- Easy Portability
- Adjustable Strap
- Longlasting Battery
- Highly durable

## Specification :

Linght source	655 ± 10 nm Laser
Barcode type	1D barcode; GS1 barcode; 2D barcode
Interface	Bluetooth(HID)、 USB(HID/Visual COM)、 Offline batch operation mode
Communications	Bluetooth 4.2 BLE
Scan distance	50~495mm
Transmission distance	10 meters (In the visible range)
Battery capacity	800 mAh
Charging time	4 hours
Using time	14 hours (depends on different enviroment)
Imaging Sensor Resolution	1280 horizontal X 960 vertical pixels
Focusing Distance from Front of Engine	177.8 mm / 7.0 inches
Field of View (FOV)	48.0° horizontal, 36.7° vertical
Skew Tolerance	± 60°
Pitch Angle	± 60°
Roll	360°
Optical Resolutions	3.0 mil (Code 39), 5.0 mil (PDF417)
Input Voltage	DC 3V-5V
IP grade	IP42
Drop Resistance	1.5m drop to concrete
Working temperature	-30° to 60° C
Storage temperature	-40° to 70° C
Humidity	95% RH, non-condensing at 60° C
